CCCU's announces Ten Smart Start Scholarships to be Awarded in 2022

[LAS VEGAS, Nev.] – April 7, 2022 – [Clark County Credit Union](#) (CCCU) is accepting applications for its annual Smart Start Scholarship, created to help credit union members and their children realize their financial goals and dreams through education. The credit union will be awarding ten \$1,000 scholarships to CCCU members who meet eligibility requirements and are students who are enrolled in an accredited university.

“The Smart Start Scholarship program is a longtime tradition at CCCU,” said CEO Matt Kershaw. “This program helps students with some of the financial burden that comes with college so they can focus more on their higher education, which can ultimately help them accomplish their goals in life.”

The [scholarship](#) is open to CCCU members (or their children) who are in good standing with the credit union and are graduating high school seniors or currently enrolled in a state-accredited college or university.

The selection of the winner is based on academics and other activities as well as an essay responding to this year's writing prompt: During the pandemic, financial goals have shifted for many people and new financial questions have risen. Have you experienced any situations where financial know-how helped, or lack thereof hurt, you or your family? Please share some of the financial topics you would want to learn about that would help your future self, and why?

Click here for the [rules and eligibility](#) and the [application form](#). The deadline to apply is April 22, 2022, at 11:59 p.m.
