Clark County Credit Union Receives Forbes' Best-In-State Credit Union Award

[LAS VEGAS, Nev.] – June 28, 2023 – For the third time, Clark County Credit Union has been named one of America's Best-In-State Credit Unions for 2023 by Forbes and Statista Inc., Statista, the number one business data platform globally, was selected by Forbes to conduct in-depth interviews from citizens across all 50 states. After Statista's evaluation, CCCU was ranked as the second top credit union in Nevada and was the only locally-based credit union in the top three.

This distinguished award was based on two sources including an independent survey and publicly available reviews. The survey given to approximately 26,000 US consumers asked them to rate credit unions at which they have or previously owned a checking or savings account. Each respondent ranked the credit union in six different subdimensions: trust, terms & conditions, branch services, digital services, customer services and financial advice. For each credit union, in each state, a sentiment analysis approach was conducted to gather public online reviews and ratings.

"Being awarded as Best-In-State Credit Union in Nevada for the second year in a row and for the third time since 2019 brings a sense of pride and accomplishment within our organization," said Matt Kershaw, President and CEO of Clark County Credit Union. "This award is a reminder to continue our commitment to persevere and improve our products and services for the financial well-being of our members. CCCU will always be a resource for our local community to help them achieve their financial dreams and goals."
